With a clear focus on clinical nursing practice *Nurses and Families: A Guide to Family Assessment and Intervention, 4th Edition*, is the ideal “how to” book for promoting better family health care. Nurses are on the front lines when it comes to assessing the needs of families and knowing when and how to intervene properly. This book offers you clinical ideas, guidelines, and tools to assist families experiencing illness.

### Key Features

- **NEW chapter** — “How to Avoid the Three Most Common Errors in Family Nursing”
- **Completely updated with the most current references and material**, providing a comprehensive family nursing framework unlike any other book
- **Addition of genograms** for blended families with multiple parents and siblings
- **Increased focus** on relational family nursing practice
- Provides **detailed clinical guidelines** in preparing, conducting, and documenting a family interview
- Covers **diversity issues** such as ethnicity, race, culture, sexual orientation, gender, and socioeconomic class in numerous clinical examples
- **Uses case studies** to encourage critical thinking and skill development
